

## End notes for *The Massey Murder*

### Notes

These notes provide source citations for quotations and facts contained in the text. They are a supplement to the more general section “Sources” on pp. 287-293 in the book, where I explain from which newspapers and official sources I have taken the narrative. As I explained in “Sources,” I relied heavily on reports in newspapers, especially *Evening Telegram* and *Toronto Daily Star*, for details, and the date of each report is usually evident in the text. I have included newspaper references here when they are less obvious.
